

REVALOR

SOFTWARE FOR THE HUMAN CONDITION

Software for the Human Condition.

We build two kinds of software: tools that help your business grow, and tools that help you live better — both a little more human, and a lot less manual.

OUR PRODUCTS

Five Flagship Products. One Clear Mission.

VisionWorkx, Sanctum, Revalor Automations, VisionWorkx Promote, and Chorebit are the first wave of software from Revalor LLC — each built to strengthen a different part of how you work and live.

REVALOR FOR BUSINESS

Growth, automation, efficiency, and operations

 APP BUILDER • LIVE

VisionWorkx

Describe the app you need. AI builds it — booking systems, CRMs, invoicing tools, and more, ready to use in minutes.

Built for entrepreneurs, small business owners, and service providers who need custom software without writing a single line of code.

- ✓ Describe your app in plain English
- ✓ AI generates a working app, not just a mockup
- ✓ Booking, CRM, invoicing, and inventory templates
- ✓ No code required, ever

 COMING SOON

VisionWorkx Promote

AI-generated ad creatives and campaigns for your VisionWorkx business — built to get local businesses in front of new customers without agency prices or a cut of your ad spend.

Perfect for local businesses aiming to acquire customers without high agency fees or revenue cuts.

- ✓ AI-written ad copy tailored to your business
- ✓ Ready-to-run creative images, no designer needed
- ✓ Campaigns link straight to your VisionWorkx booking page
- ✓ Flat, predictable pricing — no percentage of ad spend

⚙️ **WORKFLOW AUTOMATION • NOW LIVE**

Revalor Automations

The automation engine that runs your VisionWorkx apps on autopilot. Set up triggers, actions, and workflows — AI handles the rest while you sleep.

Ideal for businesses looking to reduce manual busywork and streamline client interactions.

- ✓ Automated follow-ups, reminders, and customer journeys
- ✓ Pre-built templates for booking, CRM, invoicing, and more
- ✓ Describe any workflow in plain English — AI builds it
- ✓ Works natively with every app VisionWorkx builds

REVALOR FOR YOU

Well-being, daily productivity, mental clarity, and family habits

 COMING SOON

Chorebit

Chores that build real savings habits. Turn chores into points, and points into goals kids pick and save toward themselves.

Designed for families wanting to teach financial literacy and responsibility without using real money.

- ✓ Parent-approved points, never real money
- ✓ Kids track their own goals and progress
- ✓ Simple, focused kid mode for daily chores
- ✓ Launching soon to early access families

 COMING SOON

Sanctum

A wellness and mental clarity app designed to help you slow down, reset, and stay grounded in a busy world.

For individuals seeking to reduce stress, reset, and maintain mindfulness in a fast-paced environment.

- ✓ Guided practices for focus and calm
- ✓ Daily check-ins that actually fit your life
- ✓ Built around simplicity, not gamification
- ✓ Launching soon to early access users

Human-Centered by Default

Every product starts from a real human problem, not a feature checklist.

Products That Work Together

VisionWorkx, Sanctum, and Automations are designed to reinforce each other.

AI That Actually Helps

We use AI to remove busywork, not to replace judgment or add noise.

Let's Build Something Human.

Whether you're curious about VisionWorkx, want early access to Sanctum, or you're ready to automate your business — we'd love to hear from you.
